

HIMANSHU RELHAN

Full Stack Developer

Seeking a challenging role to enhance my skills while contributing to company success through continuous learning and growth.

EXPERIENCE AND PROJECTS

FULL STACK DEVELOPER

Helios Tech Labs, Mohali, Punjab | 02/2023 – PRESENT

- As a Full Stack Developer at Helios Tech Labs, I've gained 6 months of invaluable experience. My work spans diverse projects involving the MERN stack and ZOHO applications.

PORTFOLIO WEBSITE

- Developed my responsive portfolio website which consists of my Personal Details along with my other projects' description and link. I also upgraded it to a progressive web app(PWA) which can be installed and used as an app on any device. <Link />

TODO LIST

- Built a Todo List Web Application using Vanilla JavaScript and Bootstrap. In this project I used Local Storage for storing the data and DOM Manipulation (JS) for CRUD operations. <Link />

WEATHER APP

- Engineered a Weather app utilizing Vanilla JS and Open Weather API; enabled users to effortlessly access real-time weather updates based on their location and input, enhancing user experience and engagement. <Link />

YOGA WEBSITE

- Contributed in a College group project as a Frontend Developer and help team members to solve several bugs. <Link />
